

CEREMONY

The Riverbank

Say “I do” beneath a canopy of jacarandas, with the river’s soft murmur as your soundtrack. This heritage-rich river lawn is naturally romantic, timeless and peaceful, with an effortless elegance that never goes out of style.

The Chapel

Step into a piece of history - lovingly restored with high ceilings, soft natural light and beautiful acoustics. The chapel offers a fresh take on tradition, where heritage architecture meets airy elegance. A timeless backdrop for your vows and wedding photos.

RECEPTION

The Barn

A rustic, intimate space where your guests can gather, dine and dance the night away. The barn’s warm character sets a relaxed tone for your reception, with easy flow to the outdoors when the mood calls for it.

CEREMONY & RECEPTION

The Jacaranda Trees

Framed by a canopy of mature jacaranda trees, this enchanting lawn is one of Rivermill’s most romantic outdoor settings. With dappled light, natural shade and a feeling of being wrapped in nature, it’s a favourite for relaxed ceremonies and open-air receptions alike.

If your date falls in October or November, you may even catch the trees in full purple bloom - a truly unforgettable backdrop for vows, dining and celebration.

Pavilion

The neighbouring pavilion offers seamless wet-weather cover and connects effortlessly from the jacaranda trees through to the barn, allowing your celebration to flow naturally from vows to long-table dining, mingling and dancing.
